The Brotherhood of Locomotive Engineers from the New York Central railroad visited here on Monday, and were delightfully entertained by the local brotherhood, No. 22.

The members of the choir at St. Patrick's are to be congratulated on securing the services of Miss Burke for Easter. They "stole a march" on the St. Mary's people and asked Miss Burke first, to the great regret of the St. Mary's choir, but the latter must not be selfish, because Miss Burke has assisted St. Mary's many times before this Easter.

Judge Goodwin, the venerable and distinguished editor of the Tribune, had a birthday the other day. The Judge is somewhat modest about his age, since he looks so youthful. Yet it was learned he had reached the 78 milestone, and congratulations from old friends poured in upon him from all parts of the country. Here to you, Judge, may you live to celebrate many more anniversaries of the kind.

Rev. Father Aken of Helena, Mont., is in the city to have Rich. Rev. Bishop Scamman bless the oils to be used in the diocese of Montana. These

oils must be blessed during the Holy Week, and always by a bishop. Bishop Brandel of the Montana diocese is at present in Europe, so it was necessary for Father Aken to come to Salt Lake to have the ceremony performed.

ST. MARY'S ACADEMY.

A LOST FRIEND.

My friend he was; my friend from all the With childhood faith he oped to me his breast; No door was locked on altar, grave or grief; No weakness veiled, concealed no disbeliefs; The hope the sorrow and the wrong were laid; And ah, the shadow only showed the fair!

I gave him love for love; but deep within, I imagined each frailty into sin; Each hill-topped foible into the sunset glow; Obscuring values where rivered virtues flowed; Remorse became reproach, till common grew The careless world at every fault I knew; He smiled upon the censorship and bore; With patient love and touch that wounded sore; Until at length, so had my blindness grown, He knew I judged him by his faults alone.

Alone, of all men, I who knew him best, Betrayed the soul to take the dress for lost; Cold strangers honored for the worth they saw; His friend forgot the diamond in the flow.

At last it came—the day he stood apart; When from my eyes he proudly veiled his heart; When earping judgment and uncertain word A stern resentment in his bosom stirred; When in his face I read what I had been; And with his vision saw what he had seen.

Too late! too late! Oh, could he then have known, When his love died, that mine had perished too; That when the veil was drawn, abscond, chastised, The censor stood, the lost one truly prized, Too late we learn—a man must hold his friend Unjudged, accepted, trusted to the end.

—John Boyle O'Reilly.

Baking Powder Economy

The manufacturers of Royal Baking Powder have always declined to produce a cheap baking powder at the sacrifice of quality.

The Royal is made from the most highly refined and wholesome ingredients, and is the embodiment of all the excellence possible to be attained in the highest class baking powder.

Royal Baking Powder costs only a fair price, and is cheaper at its price than any similar article.

Samples of mixtures made in imitation of baking powders, but containing alum, are frequently distributed from door to door, or given away in grocery stores. Such mixtures are dangerous to use in food, and in many cities their sale is prohibited by law. Alum is a corrosive poison, and all physicians condemn baking powders containing it.

ROYAL BAKING POWDER CO., 100 WILLIAM ST., NEW-YORK.

ALL HALLOWS NOTES.

The Very Reverend President, Father Larkin and Father Gueynard have gone to Butte, Mont., to assist during Holy Week. Very Rev. Father Callahan of St. Patrick's and Father Dubois went to assist Very Rev. Father Follett of St. Paul's, Anaconda.

The boys entered into the spirit of Holy Week with marked fervor, and were most edifying in their conduct. All the Catholic boys received Holy Communion on Thursday at Solemn High Mass, which was celebrated in the college chapel at 6:15 a. m.

On Thursday, Friday and Saturday mornings they were present at the impressive ceremonies which took place in St. Mary's cathedral.

The Sodality and the Apostleship of Prayer, under the direction of Rev. Father Gueynard, are flourishing.

The Montana boys won the table etiquette prize for the month of March, and were given an elegant dinner by the president.

Rev. Father De Kanter of Spokane, Wash., on his way to Europe, paid a pleasant visit to the college in the early part of last week.

The number of boarders within the last ten days has been increased by J. Bonner, Salt Lake City; George Mullins, Butte, Mont.; John Willis, Omaha, Neb.

A gold medal has been promised for the best handball player, which may account for some of the enthusiasm which centers in the ball courts.

Among the smaller boys Rossi Flynn, Austin Cannon, Willy Moran are in the race for championship. Even with rubber backs, the stretching power of these three could not be much improved.

Rev. Father Deumans of the Cathedral Boise, was the guest of the college last week. He was on his way home after a most pleasant, though necessarily short stay, in California.

His many friends are delighted to know his health is much improved.

Rev. Father Tulquin, by indefatigable industry, has secured what the monasteries to the boys' library. He has also acquired for the new museum a collection of stamps which several collectors prize among the finest west of the Rockies.

The members of the Second Brass band, under the direction of Rev. Father Dubois, have made wonderful progress; the harsh Chinese theatrical reminders have been succeeded by soft golden strains. Professor Pedersen has lately considered them worthy of swelling the soul-subduing melody of his own famous First.

In the rhetoric class, first place for the month was gained by J. L. Sullivan, in the poetry by William Bonner, in the oratory by William Shields; in the first academic, by Charles Maguire, in the second academic, by Eddie Bonner, in the first junior, by John Nevins; in the preparatory, by Albert Daly.

Rev. Father Rosser officiated last Sunday in the Catholic church, Evans-ton, Wyo. On his return he stopped an evening in Ogden as the guest of Mr. and Mrs. Don Maguire. The well-known hospitality of Mr. and Mrs. Maguire he enjoyed thoroughly, as well as their beautiful mineral selection.

Mr. J. P. Fanning is recuperating from his great oratorical effort on Irish Music, and will soon be ready to give a soul-stirring address to the Athletic association, on the following lines of Boyle O'Reilly:

"A nation's boast is a nation's bone As well as its might of mind, And the culture of either these alone Is the doom of a nation signed."

The faculty and students deeply regret the departure of Mr. R. Canning, who has gone to De Lamar, Nev., as

private secretary to Mr. Healy. During his stay in All Hallows Mr. Canning, by his amiable qualities, sly humor and unassuming manner, has endeared himself to all. The boys of his class would be inconsolable had they not a worthy successor in the person of Mr. J. M. O'Farrell.

The property of the new All Hallows has been much improved during the last few weeks. It has been completely wired and several hundred of young trees planted. The reverend president has been superintending the work—one of the consequences being that even those with a residue of sight might perceive:

"The east-bench sun with ardent frown Has slightly tinged his cheek with brown."

During the week a strong impetus has been given to athletics by the formation of an association having for its object the promotion of general athletics; as running, jumping, throwing the hammer, etc. A specialist will be obtained as soon as possible, and then the senior students will begin hard training—spending at least an hour a day in athletic exercises.

The beginning of June a field day will be held, when the champions in the various contests will receive fitting honors.

At present bandball is the rage among the students. Father Larkin has at great expense fitted up a court, probably equalled by none in the state. It has a brick front fifty feet high, and a cement floor forty-five by twenty-seven feet. There have been several tournaments in which the commercial class came out victorious. Tom Powers and Tom Wolohan of the rhetoric, E. Maguire and Tom Brogan of the scientific were simply "snowed under" by Con Dewey and Frank Hayes of the commercial.

There is not a little jubilation at the ranch, owing to the discovery of several nests—two a pigeon-hole of Belgian hares. A large plot of ground has been put under tillage for the special maintenance of the welcome arrivals.

Many distinguished visitors have been to see them—some pronouncing them beautiful on the principles that "there is no beauty without some strange proportion," and that "the time-honored line of beauty is the curve." It is certain that there is a strange proportion between the ears of these tiny quadrupeds and the rest of the body; while the curvature of the spine column is so well defined as the Folium of Descartes or the Lemniscate of Bernoulli.

One of the visitors made the rather pungent remark that what the monasteries to the boys' library. He has also acquired for the new museum a collection of stamps which several collectors prize among the finest west of the Rockies.

The following students were awarded cards of honor for the month of March: Thomas Canning, Paul McCormick, L. Moran, Thomas Wolohan, E. Maguire, H. Scheu, J. E. Smith, W. Bonner, J. Findlay, J. L. Sullivan, H. Siegel, J. Bonner, Dan Sullivan, J. Siegel, O. Snyder, James Gleason, W. Carr, M. Curran, Charles Lantry, Albert Daly, A. Cannon, John Hennessey, Joe Rielly, R.
